Mr. Daguiard,

Just contacting you to confirm that the EPA administrator's press conference is scheduled to start at 2 PM Mountain Time, even though the daily press call this event replaces normally takes place at 3 p.m. I only ask because the attorneys general for Colorado, New Mexico and Utah have put out an advisory saying they are planning to hold a joint news conference among themselves in Durango at 2 pm Mountain time at a different location, Rotary Park. Seems unlikely that both groups would want to 'compete' with each other. Can you clarify? Is it possible that McCarthy's event has been pushed back to 3 pm?

Thanks

Dear colleagues, please note, EPA Administrator's McCarthy's media availability at 2PM MT today in Durango will take the place of our regularly scheduled 3 PM MT media call.

Also, and since some of you have been asking, there'll be no call-in for today's event with the Administrator.
